Certifying Authority: _____

Facility, Equipment or Installation: _____

Owner or Operator of Facility: _____

Address of Owner or Operator: _____

Site or Region: _____

EXPIRATION DATE: _____ Certificate Number: _____

- This Certificate is issued pursuant to Part 5 of the *Canada-Nova Scotia Offshore Area Petroleum Operations Framework Regulations* and is a Certificate of Fitness within the means of such *Regulations*.
- Every limitation on the operation of the installation is detailed in a Schedule endorsed by the Certifying Authority and attached to this Certificate.

The undersigned Certifying Authority having carried out the approved scope of work and determined that, in relation to the site or the region in which the installation is to be operated,

- (i) the installation, including its systems and equipment, is fit for the purposes for which it is to be used and can be operated safely without posing a threat to persons or the environment, and
- (ii) the requirements set out in Section 28 of the *Canada-Nova Scotia Offshore Area Petroleum Operations Framework Regulations* have been met; and
- (iii) the installation, including its systems and equipment will continue to meet the requirements set out above for the period of validity of this Certificate and the Certifying Authority must carry out the scope of work in respect to which the Certificate of Fitness is issued.

HEREBY CERTIFIES THAT:

1. The equipment or installation described above,
 - (a) is fit for the purposes for which it is to be used and may be operated safely without posing a threat to persons or to the environment in the location and for the time set out in this certificate; and
 - (b) is in conformity with all of the requirements and conditions that are imposed pursuant to subsection 142(4) of the Accord Acts (Federal version), whether they are imposed by regulation or by the Regulator.
2. In the opinion of the Certifying Authority, the approved scope of work meets the requirements for approval set out in Part 5 of the *Canada-Nova Scotia Offshore Area Operations Framework Regulations*, and the scope of work, inspections, surveys and reviews are sufficiently comprehensive to allow it to make the statements contained in this Certificate.

IN WITNESS WHEREOF the Certifying Authority has caused this certificate to be executed by its proper officer duly authorized this _____ day of _____.
